MATH 107: Introduction to Linear Algebra

License

Creative Commons Attribution-NonCommercial 4.0 International (CC BY-NC 4.0)

Unless otherwise noted, all materials on this website are licensed under a Creative Commons Attribution-NonCommercial 4.0 International License.

What this means

You are free to:

- **Share** — copy and redistribute the material in any medium or format
- **Adapt** — remix, transform, and build upon the material

Under the following terms:

- **Attribution** — You must give appropriate credit to Dr. Rosanna Overholser, provide a link to the license, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use.
- **NonCommercial** — You may not use the material for commercial purposes.

No additional restrictions — You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits.

Attribution

When using or adapting these materials, please provide attribution in the following format:

> This work is based on materials by Dr. Rosanna Overholser for MATH 107: Introduction to Linear Algebra, licensed under CC BY-NC 4.0.

Photographs

The page-banner photograph, *Best of Humboldt*, is by Cal Poly Humboldt on Flickr and is **all rights reserved**. It is not covered by the CC BY-NC license for these course materials.

Remixed Content

Programming practice lists selected exercises from Jeffrey Lachniet, *Introduction to GNU Octave* (3rd ed., 2020), licensed CC BY-SA 4.0. Direct adaptations of that text must keep attribution and share-alike terms. Other remixed materials will be noted with their original source and license. When remixing these materials, you must comply with both this license and the original source license.

Questions

If you have questions about using these materials or need clarification on the license terms, please contact Dr. Rosanna Overholser at rho3@humboldt.edu.
