

MATH 107: Linear Algebra

TODO: semester and year

Template

Replace the TODOs on this page after you share the course outline (term, description, Canvas URL).

Quick Start

- Start with the [course schedule](#) for the recommended path through the material.
- See the [syllabus](#) for policies and grading.
- Readings live under [lectures](#).
- [Assessments](#) lists labs, quiz prep, exams, and the project.
- Software and references are on [resources](#).
- [Canvas](#) is where you submit work, take graded quizzes, see grades, and get feedback.

Welcome

This website contains materials for **MATH 107: Linear Algebra** at Cal Poly Humboldt.

TODO: one-paragraph course description (what students will learn and build).

Where you are

Most of what you read lives on this website: lecture outlines, labs, quiz preparation, exam reviews, and project instructions. Canvas is where you submit work, take graded quizzes, see grades, get feedback, and chat with classmates.

What you'll learn

TODO: 3–6 bullets of course-level learning objectives.
